

The Jones Elite Training Track and Field Camp.... Come Fly With Us!

- ◆ JET private sports performance training is coming to Ohio and will introduce their training program with this one of a kind track and field camp in teaming with West Liberty High School. This in person camp is a **3-day track and field camp** that will cover the sprints, hurdles, relays, horizontal and vertical jumping events. Our Camp will provide athletes at the middle and high school levels an opportunity to learn technical execution of the events. JET track and field camps offer in-depth and event-specific instruction. JET expert coaching staff has developed athletes who have competed at all levels from youth to Olympic, including the 2020 high school athlete of the year Cameron Rose. With over 40 years of combined coaching experience at the collegiate level relationships with college coaches across the country, JET track camps also provide an opportunity for potential athletes to be recruited by college coaches.
